

Dear Neshaminy Warwick Presbyterian Church members,

We are excited to announce the return of in-person worship **in the Sanctuary** on a regular basis starting Sunday, June 20 at 9:00 am! While we have had many members tell us that that they have enjoyed being together outside in worship, we feel that it is now safe to open the Sanctuary for worship with no social distancing. Following the CDC guidelines, those who are fully vaccinated will be able to attend without wearing a mask and may sit where they want.

If you are more comfortable wearing a mask as the church is opening up, please feel free to do so.

Our last outdoor service will be June 13 at 9:00 a.m.

To protect the children during this time we are requesting parents bring them to the auditorium. They will be required to wear a mask indoors. The Sunday School lesson /Bible story will be held in the auditorium. Afterwards they may play outside, mask less, weather permitting, or stay in the auditorium. If the children have gone outside, we encourage parents to pick them up on the playground nearest the ramp.

We are minimizing the risk to the younger children by not having them in the Sanctuary.

The nursery will be open for the very youngest of our congregation.

Since there are few activities in the summer, we are not resuming all indoor functions at this time but will move towards a full church activities schedule in the fall.

If anything changes, we will notify you.

Thank you for your patience, support, and encouragement during this very long and trying time for all of us.

In Christ's name,

The Session
